2 **WHEREAS**, on March 26, 2024, this Court granted preliminary approval of the parties’

4 **WHEREAS**, following the Court’s preliminary approval, notice was provided to class  
5 members, who had the opportunity to submit claims under the Settlement Agreement;

6 **WHEREAS**, the response to the Settlement Agreement from class members has been  
7 very strong, with more than 5,600 claims being submitted;

8 **WHEREAS**, the settlement administrator is in the process of reviewing and validating the  
9 submitted claims, which is taking some time due to the volume of submitted claims;

10 **WHEREAS**, in the process of reviewing and validating the claims, the settlement  
11 administrator has identified issues which require the settlement administrator to follow-up with  
12 certain individuals and class members who submitted claims in order to clarify aspects of the  
13 submitted information that will enable the settlement administrator to administer the claims  
14 process in an accurate and effective manner;

15 **WHEREAS**, by way of example, some of the issues identified by the claims administrator  
16 include, among others, class members who submitted both claims and requests for exclusion,  
17 class members who provided inconsistent information in different portions of the claim form, and  
18 class members who did not include in their claims submission certain information needed to  
19 calculate the amount of the class member’s recovery under the Settlement Agreement;

20 **WHEREAS**, the settlement administrator believes that an additional 45 days are needed  
21 for the settlement administrator to complete both its evaluation and validation of the submitted  
22 claims and the necessary follow-up with certain class members who submitted claims;

23 **WHEREAS**, under the Settlement Agreement, Plaintiffs’ counsel is responsible for  
24 coordinating the claims administration process with the settlement administrator;

25 **WHEREAS**, Plaintiffs’ counsel desires the settlement administrator to have sufficient  
26 time to complete its claims validation process and any necessary follow-up with class members;

27 **WHEREAS**, Defendants are amenable to moving the final approval hearing by 45 days to  
28 allow time for the validation and follow-up process to be completed;
